## NEW PRODUCT

## NEW! RC10B4.2 RTR Brushless **LiPo Combo**

### 1:10 Scale Ready-To-Run 2WD Electric Race Buggy

Designed and raced by the winningest name in RC, Team Associated now brings you this level of high performance in an electric off road buggy with the RC10B4.2 Ready-To-Run.

The **#9042 RC10B4.2 RTR** is a fully assembled buggy that includes the Team Associated XP 2.4GHz radio system and XP metal-gear steering servo. Power is supplied by a Reedy 3300kV brushless motor while the water-resistant Reedy brushless electronic speed control with LiPo cutoff and High Current T-Connector provides smooth throttle control.

The **#9042C RC10B4.2 RTR LiPo Combo** includes all the features of the B4.2 RTR along with the Reedy 324-S Compact Balance Charger (#27201) and WolfPack LiPo 3300mAh 30C 7.4V Battery (#751)

The B4.2 RTR can also be upgraded as your skills improve and budget allows with the full line of Factory Team B4 hop-ups, as well as Reedy performance parts. Drive a genuine Team Associated B4.2 RTR to the top of the podium today, or chances are you'll just be chasing one.
