New! Reedy Angled AC Power Cords

Reedy's new AC power cords feature a 90-degree angle to minimize the charger's footprint in cramped pit areas. A standard 1M length is versatile and easily plugs into wall or floor mounted sockets, while the .5M version works well for table-mounted sockets.

Both cords are compatible with Reedy's #27200 1216-C2 charger as well as other IEC 320 C5 compatible chargers.
